

**REJOICE NOW**

*Cantor*

Rejoice now all you heavenly choirs of angels.  
Rejoice, all creation around His throne,  
For this mighty King is victorious.  
Sound, O trumpet, tell of our salvation.

Rejoice now, all you heavenly choirs of angels.  
Exult, all creation, around God's throne.  
The Lord, our salvation, redeems His own.

Rejoice now, all the earth, clad in shining splendor,  
reflecting the brightness of Christ our King.  
The Lord is triumphant, creation sing!

Rejoice now, we the church, standing in this holy light!  
Our glad Easter praises are echoing.  
Rejoice, He is risen, Eternal Spring!

**THIS IS THE NIGHT**

This is the night  
when God delivered our forefathers from their chains,  
led them dry-shod through the sea, out of slavery.  
Free Your people once again.  
This is the night  
when Christ has ransomed us and paid the price of sin.  
The Paschal Lamb was slain, bringing peace through pain.  
We will follow where he's been.

This is the night,  
this is the night he rose triumphant from the grave,  
opened what was sealed, forgave and blessed and healed  
those he suffered death to save.

O happy fault! O necessary sin! A new day rushes in.

This is the night the pillar of fire becomes a beacon of belief  
to lead the people on when hope is nearly gone,  
unwavering joy consuming grief.

This is the night,  
this is the night of nights most blessed since time began,  
when death is our rebirth, with heaven wed to earth.  
Praise God's reconciling plan.

This is the night, this is the night of joy, of solemn songs  
of praise, washing guilt away.

The night shall be as day,  
mourning turned to dancing all our days.

O happy fault! O necessary sin! A new day rushes in.

**PEACE-MAKING MAN**

He is the firstborn from the dead.  
The church is His body and He, its head.  
In His own person He redeemed our loss,  
making peace through the blood of His cross.

He is the image of God unseen,  
Our visible sign of what love can mean.  
Through Him and for Him all the world was made,  
finding peace in the price that He paid.

Absolute fullness in Him resides,  
through Him reconciling what sin divides.  
We shall continue all that He began,  
making peace through this peace-making man.

**HEAVENLY FATHER**

Heavenly Father, hear Your people whom Your mercy has fed.  
We are pleading for Your children who cry out for bread.  
So many hunger for justice and in their hunger have died.  
Heavenly Father and Protector, surely You can provide.

Heavenly Father, You once promised to the world, daily bread.  
Take a bit from our table that all might be fed.  
Gracious Lord of the harvest, give us plenty to spare,  
and when some barns are empty, help us to share.

**ALL THE DAYS**

*Refrain*

One thing indeed I ask of the Lord and this do I seek:  
that I may dwell with the Lord all the days, all the days of my life.

*Verses*

Give to the Lord of your substance  
and your barns will be filled with wheat and wine. *Refrain*

Lord, You search me and You know me.  
You know when I'm up and when I'm down. *Refrain*

Yahweh's faithfulness enfolds me.  
My heart and my flesh sing songs of joy. *Refrain*

**LOVESONG**

Love is patient, love is kind,  
healing the hurt heart, haunting the mind.  
Love will go with you, till one day you'll find,  
love must leave love behind.

Love is a rainbow conceived in a storm.  
Love, in the cold war of life, is warm.  
Love will be waiting when evening draws on,  
then one day, love may be gone.

Love is a mountain, certain and strong,  
sometimes a silence, sometimes a song.  
Love will remember the where and the when.  
Come, love, come again.

Love will go tenderly, tenderly by,  
teasing to laughter, teaching to cry.  
Love will watch lovingly, letting you learn:  
some loves never return.

Love will flow on into love without end.  
Love will continue to break, to bend.  
So soon December, remembering when.  
Come, love, come again.  
Come, love, come again.  
Come, love, come again.

## COME

Come into the presence of the Lord.  
You who are shattered be restored.  
You shall be made new and deep down in you  
His love will grow.

All who are broken shall be whole.  
Fly like a bird to its nest, my soul.  
For once you have spent one day in His tent,  
where will you go?

Come before the Holy One.  
Open like a flower to the sun.  
Come and be filled with all He has willed  
for your own good.

Come into the presence of the King.  
Come, my friends, come dance and sing.  
All you now in need the Lord God will feed  
with His own life-giving food.

## WHAT DO YOU ASK OF ME?

What do You ask of me?  
What would You have me do?  
I give myself within these gifts I offer You.  
This bread is food for life.  
The wine is spirit of love for You.

What can I offer You?  
You've given life to me.  
You're part of all I am.  
What would You have me be?  
This bread is food for life.  
This wine is spirit of love for me.

## SONG OF PRAISE

### *Refrain*

Holy, Holy, Holy, come, Lord!  
Holy, Holy, Holy, come, Lord!  
Holy, Holy, Holy, come, Lord!

### *Verses*

Lord, Your glory fills all creation,  
every people and every nation.  
All of life proclaims Your praise. *Refrain*  
Come again, O God of the living,  
God of goodness, faithful, forgiving.  
Touch with love our loveless ways. *Refrain*

## GLORY BE

Glory be to the Father, and to the Son,  
and to the Holy Spirit since the world was begun.

## SONG OF PEACE

Lamb of God, You take away our failure to love.  
Fill us with the warmth of Your way.  
Open us to everyone who touches our life.  
Help us reach each other today.  
Prince of Peace, come fill us with Your peace without end.  
Peace and love go with you, my friend.

### *Refrain*

Peace to you, my friend, go in love.

## FILL MY EMPTINESS

### *Refrain*

Come, fill my emptiness. I love You more, not less  
than everything around that captures my attention.

### *Verses*

I love You more than the mysteries of the seasons  
that haunt me like a favorite memory.

These gifts You've given me are but the reasons  
I can love creation fully and be free. *Refrain*

I love You for the permanence of Your being.  
In You there is no question of goodbye.  
And everything that interrupts my seeing  
is but the love reflected in Your eye. *Refrain*

I love the bread that's broken to be eaten  
from the body that bled upon a tree.  
I love the love that lived to be unbeaten,  
that's offered in surrender now to me. *Refrain*

I love the land in which my past is planted,  
although I'm but a pilgrim passing by.  
I love the hand that holds my heart in bondage,  
and the hunger only He can satisfy. *Refrain*

## SEEK ME

### *Refrain One*

Seek Me with all your heart and I will let you find Me.  
Seek me! You are a part of all the love in Me.

### *Verse*

I am with you day by day  
though clouds of doubt conceal the way.  
Faith will billow from a spark.  
Child, don't be afraid of the dark!

### *Refrain Two*

Search! It's My command. Seek to understand..  
Reach, I'm near at hand, following close behind.  
Seek and you will find. *Refrain One*

### *Verse*

Seek the way My Word reveals:  
helping others helps and heals.  
Take and make My love your own.  
Child, you'll never be alone. *Refrain Two / Refrain One*

### *Verse*

Seek for all that life can mean.  
The deepest things remain unseen.  
Dare to dream and you will grow.  
Child, I'm all you need to know. *Refrain Two*
